

Microfinance Investment Support Facility for Afghanistan

A total of 2,500 Targeting the Ultra-Poor (TUP) beneficiaries in Kabul and Kandahar provinces received productive livestock.

MISFA invests in partners' capacity building strategies

A total of 2,500 Targeting the Ultra-Poor (TUP) beneficiaries in Kabul and Kandahar provinces received productive livestock, following their completion of comprehensive animal husbandry training. The project is implemented by WADAN, an Afghan NGO.

MISFA started the multi-province scale-up of its flagship program in mid-2015 in Takhar, Balkh, Laghman, Kunar and Herat provinces. It was piloted successfully in succession in 2010-2012, first in Bamyan and then in Badakhshan.

TUP is a grant-based, comprehensive two-year intervention designed to facilitate the escape of ultra-poor households from abject poverty by providing them a package of inputs, including livestock; animal husbandry training; monthly cash subsistence support, basic health and

hygiene care, and access to finance.

The TUP expansion is funded by the IDA/World Bank, while the expansion in Herat is supported by the Italian Agency for Development Cooperation.

TUP was piloted successfully in succession in 2010-2012, first in Bamiyan and then in Badakhshan.

This is MISFA's quarterly newsletter. MISFA is a Limited Liability Company (LLC) established in 2003 as a vehicle through which the Afghan government and international donors could channel technical assistance and funding to build and strengthen Afghanistan's microfinance sector.
